Bridging Biomedical Worlds 2018

GENOME EDITING:

The Next Frontier

Singapore • February 5-7, 2018

David Bikard

Synthetic Biology Laboratory, Institut Pasteur, Paris, France

Paula Cannon

Department of Molecular Microbiology & Immunology, USC, Los Angeles, USA

Andrea Crisanti

Department of Life Sciences, Imperial College London, UK

Suk See De Ravin

Laboratory of Host Defenses, NIH, Bethesda, USA.

Mashito Ikawa

Research Institute for Microbial Diseases, Osaka University, Japan

Farren Isaacs

Department of Molecular Cellular & Developmental Biology, Yale University, New Haven, USA

Martin Jinek

Department of Biochemistry, University of Zürich, Switzerland

Carl June

Abramson Family Cancer Research Institute, University of Pennsylvania, Philadelphia, USA

David R. Liu

Department of Chemistry and Chemical Biology, Harvard University, Cambridge, USA

Crystal Mackall

Department Pediatrics, Stanford University School of Medicine, USA

Lorenz Mayr

GE Healthcare Life Sciences, Amersham, UK

Eric Olson

Department of Molecular Biology, The University of Texas Southwestern Medical Center, Dallas, USA

Waseem Qasim

Cell & Gene Therapies, Institute Of Child Health, UCL, London, UK

David Sabatani

HHMI - Department of Biology, MIT - Whitehead Institute for Biomedical Research, Cambridge, USA

Neville Sanjana

The New York Genome Center, USA

Dipali Sashital

Department of Biochemistry, Biophysics & Molecular Biology, Iowa State University, Ames, USA

Rotem Sorek

Department of Molecular Genetics, The Weizmann Institute of Science, Rehovot, Israel

Gene Yeo,

Department of Cellular and Molecular Medicine, University of California San Diego, USA
